

Please contact Sinclair Broadcasting and ask them to stop the broadcasting of politically biased programming both in my area, and elsewhere. The upcoming "Stolen Honor"/"Lost Honor" is biased against presidential candidate, John Kerry, and is serving Sinclair's own interest into swaying voters to a candidate more beneficial for Sinclair's financial goals.

The public airwaves that Sinclair broadcasts on are not to be used to air such one-sided programming, especially when no counter-sided program is scheduled to air (to balance out the bias). The power that Sinclair has in showing this program illustrates the danger that the new consolidated media companies have. It is a danger to American free thought and our democracy.

Please contact Sinclair and ask them to stop the airing of such programs.

Thank You
